

*True Revival Comes When  
The Church Takes Jesus Christ Seriously*  
**Hebrews 10:11-18**

Who is Jesus Christ?

Does Jesus Christ have any real power?

If so, what good is it?

Why should we believe or follow Jesus Christ?

- **Jesus' death on the cross was the one-time sacrifice for all sin for all of history. (vs. 11-12)**

- What does that mean?

---

---

---

- How does that work?

- Could you pay for someone else's sin?

---

- Could you pay for your own sin?

---

- When would you finish paying for your sin?

---

- Why can Jesus pay for our sins?

---

---

*Jesus' death and resurrection brings us forgiveness, and it also brings us the opportunity to live a new life following Him.*

2. Jesus' sacrifice on the cross was to enable us to live in a new way of life.

- Beyond forgiveness, what does God offer us through Jesus' death on the cross?

1. God offers us a weakened enemy. (vs. 13)

---

---

---

2. God offers us a covenant relationship. (vs. 16)

---

---

---

3. God offers us freedom from guilt and shame. (vs. 17-18)

---

---

*If God is the Creator and Sustainer of the world time and history...and He has said that Jesus Christ is the only approved way to receive forgiveness for our offenses against God...does it make any sense to look to anyone else for God's forgiveness...does it make any sense to follow anyone else except Jesus Christ?*
